Every 45 seconds, somewhere in the world a child dies from malaria? Around 800,000 people die from malaria every year, and most are under the age of five years. This is a sad fact, since malaria is both preventable and treatable. That's why the ELCA is pledging \$250,000 to Lutheran World Relief's anti-malaria work.</p> <p>Since 90% of malaria deaths are in Africa, the ELCA Malaria Campaign is also working to raise \$15 million to help prevent, treat, and educate communities in Africa about the disease and eliminate malaria deaths. This work includes providing supplies such as mosquito nets, insecticides, and medication.</p>
