

In addition to our financial support of God's work here at Santa Cruz, we also offer the gifts of our time and our abilities to help make happen all that God seeks to accomplish in and through our congregation...

What are some skills you believe God has given you, or, what do you enjoy doing the most?

How might you envision using any of those skills or interests in service to God and others?

What might be one activity at Santa Cruz which you've never done, but have thought about doing?

What specific things (volunteering, mentoring, etc) are you doing out in the community right now?

What particular group of people or social/justice issue do you feel especially drawn to help?

If you were to describe God's vision and purpose for our congregation in one sentence, it would be...?
